NISSAN EXTENDED WARRANTY

Nissan Extended Warranty provides warranty coverage for an increased period of time, mileage or both for your Nissan LEAF vehicle. The range of available contracts will enable you to select the one that best suits your needs.

In case of a repair, only Nissan parts will be used and fitted by Nissan trained technicians.

Nissan Extended Warranty brings peace of mind to you and any owner of the vehicle after you, as it can be transferred, should you sell the vehicle privately.

Nissan Extended Warranty includes complementary Nissan Roadside Assistance in countries specified in the Terms and Conditions, for the duration of the policy, providing pan-European coverage 24 hours a day, 365 days a year.

NISSAN SERVICE CONTRACTS

Give your Nissan LEAF the care it deserves with a Nissan Service Contract and save money in the long run.

Nissan Maintenance Contract covers all the scheduled operations recommended by Nissan and specified in the Nissan Official Service Manual.

Subscribing to a Maintenance Contract allows you to know from the start how much your maintenance will cost and protects you against price inflation.

In addition to the scheduled operations, you can benefit from the replacement of wear and tear parts such as wiper blades, brake pads or suspensions by subscribing to a Full Maintenance Contract.

Chose the duration that covers your needs and benefit from the use of Nissan Genuine Parts fitted by our trained technicians, at a discounted price.

A well maintained vehicle has a greater resale value. If you sell your Nissan before your coverage expires, the new owner will benefit from the residual contract.
